

Social Crafts

*unique crafts with real social impact!*

*and many more...*

<https://portal.socialcrafts.eu>

Choose among hundreds of unique hand-crafted items from artisans who are devoted to offer job opportunities to persons with disabilities and individuals that had been facing exclusion from the labor market

Each purchase from our artists pays back the income of disadvantaged persons who love being part of creative teams that share an exceptional dream:

**To leave no one behind!**

The SocialCrafts web portal has been implemented in the context of the Project "Handicrafts & social economy: A driver for socially inclusive growth in the cross-border region", which is co-funded by the European Regional Development Fund and by national funds of the countries participating in the Interreg V-A "Greece-Bulgaria 2014-2020" Cooperation Programme

### How to search for items (products) and artist collections (shops)?

You can use our themed catalogues or use the search bar to look for items or producers. If you need to get in touch with a producer about an item presented online or if you want to discuss your order, you can reach out to the shop owner directly.

### Who are sellers?

Shop owners (or “producers”) included in our platform are social enterprises who promote work integration of vulnerable individuals. They are fully independent and create their own collections and manage their own sells.

### How to open your own shop?

First, you need to sign in or create a SocialCrafts account. Choose a memorable name that reflects your style. Describe the labour inclusion policy of your business. Add product listings to your shop and you are ready for your worldwide debut.

### Do you need help for setting up and stocking your shop?

Explore our support services for shop owners and let us help you with your shop’s branding and marketing. Let our experts do a professional photo shooting of your creations and help you get started on SocialCrafts.
